Utilizing the Gradebook:

With the parent portal gradebook becoming active for grades 7-12, parents will have the opportunity to monitor student's grades in real-time during the 4th quarter of 2016-2017 school year. You can follow the simple steps below in order to access the gradebook, check on current grades, and print progress and comments from teachers.

Step 1: Go to the following URL

<https://parent.ioeducation.com>

Step 2: Logging In

Here you will enter the username and password you created during the registration process. If you forgot your password, you can utilize the forgot password link (next to the login button). Please note, it can take up to 24 hours to process a request for password change if you contact the technology department directly. It is recommended that you keep this information in a safe place to access throughout your student(s) time in the Babylon UFSD.

Step 3: Gradebook Tab

To access the gradebook, you simply click the gradebook link on the navigation bar.

Please Note: Clicking the gradebook link will open a new browser window. Depending on your browser's pop-up blocker settings, you may need to add the parent portal URL to the, "Allow Pop-up" list.

Step 4: Gradebook Navigation

There are three different views that a parent can utilize to monitor student(s) grades.

1. Schedule View (Classes): Allows you to see student(s) schedule including teacher, period, section, room, semester, days, and the number of days your student has been tardy or absent for each class.
2. Assignment View: Allows you to see student(s) latest assignments within all of their classes. Each assignment will show you the course, category of the assignment, assignment name, description, grade, due date, the teacher who assigned it, and the marking period it will count towards.
3. Individual Courses: Allows your to view individual assignments for each category that are part of the course cumulative grade. It will display the title, description, due date, max points, multiplier, bonus points, grade, and any comments made by the teacher.

Columns Available: Course, Course #, Teacher, Period, Section, Semester, Days, Tardy, Absent

Marking Period: The marking period of the school year you are currently viewing. If you want to change marking period, simply left-click the drop down menu and choose the quarter you are looking for.

Print: Will print the current screen you are on; in this case your students class schedule.

Print All: Will separate all classes out into separate sections for printing.

Columns Available: The columns available to view within the gradebook screen. If you do not wish to have a component viewable, simply left-click the drop-down arrow > columns > uncheck the components you do not want.

Sorting: Allows you to sort the information either in ascending or descending order.

View 2: Assignment View

The screenshot shows the 'Gradebook Assignments' interface. At the top, there is a 'Marking Period' dropdown set to 'Marking Period 1 (09/09/2014 - 11/07/2014)' and a 'Date Range' section with 'From' and 'To' date pickers set to '09/09/2014' and '11/07/2014' respectively. Below this is a list of classes on the left and a table of assignments on the right. The table has columns for Course, Course #, Category, Assignment, Description, Grade, Due Date, Staff, and Marking Period. A 'Columns' menu is open over the table, showing checkboxes for various columns: Course, Course #, Category, Assignment, Description, Grade, Assigned Date, Due Date, Staff, and Marking Period. The 'Assignment' column is highlighted in the table header, and the 'Sort Ascending' and 'Sort Descending' options are also visible.

Current Courses: The courses your student(s) are currently enrolled in will be listed on the left navigation bar. When you select a class, it will be highlighted in blue and will populate the information about that class in the viewing area.

Selected Class Info: This is quick reference information for the parent/guardian as to the course, course number, teacher, section, mid-term grade, and final exam grade for the course.

Class Work: Class work will display the gradebook in two sections. First is the the categories the teacher has set up that add up to the 100% of the students marking period average. This could be anything from quizzes, to tests, to homework. Please refer to your student(s) course outline for further information about the course grading policy. Second is assignments for each category currently within the gradebook. To view the assignments, simply left-click the plus sign next to the category name. This will show the assignment name, description, due date, maximum points available, multiplier (how many times the grade counts towards the final average), bonus points available, the final grade, and any comments the teacher has made about that specific assignment.

Although the gradebook is being introduced to our 7-12 families in the 4th quarter of the 2016-2017 school year, there may still be some glitches along the way. Please be patient as we move forward with creating an environment in which you have 24-7 access to student(s) progress within the educational setting.
